Notes:

* **Instalment investors who have disposed of their instalments during the June 2016 financial year:** This guide does not address a disposal of your securities and you should refer to the 'Disposal' section of the 'Guide to the Taxation of Westpac Instalments' and/or consult your professional tax adviser.

** **Distributions:** If the Underlying Securities are, or include units in a listed trust, exchange traded fund ("ETF") or stapled security (e.g. STW), distributions from the trust, ETF or stapled security should have the same character as the amounts derived by the trust, ETF or stapled security (e.g. they may include capital gains, foreign tax credits or franked dividends). The tax composition of distributions from trusts, ETFs or stapled securities are in the 2016 Annual Distribution Statement/s for Trusts, ETFs and Stapled Securities. You should refer to the Tax section of the relevant PDS for further details on the tax treatment of these distributions. Footnotes 2, 4 and 14 refer to the assumptions set out in your Instalment Tax Statement.
