General information and definitions

Certain information contained in this Disclosure Statement is required by section 81 of the Reserve Bank of New Zealand Act 1989 (**'Reserve Bank Act'**) and the Registered Bank Disclosure Statements (Overseas Incorporated Registered Banks) Order 2014 (**'Order'**).

In this Disclosure Statement, reference is made to five main reporting groups:

- Westpac Banking Corporation New Zealand Branch (otherwise referred to as the **'NZ Branch'**) – refers to the New Zealand Branch of Westpac Banking Corporation (trading as Westpac);
- Westpac New Zealand Limited (otherwise referred to as **'Westpac New Zealand'**) – refers to a locally incorporated subsidiary of the Overseas Bank (carrying on the Overseas Bank's New Zealand consumer, business and institutional banking operations);
- Westpac Banking Corporation – New Zealand Banking Group (otherwise referred to as the **'NZ Banking Group'**) – refers to the New Zealand operations of Westpac Banking Corporation Group including those entities whose business is required to be reported in the financial statements of the Overseas Banking Group's New Zealand business;
- Westpac Banking Corporation (otherwise referred to as the **'Overseas Bank'**) – refers to the worldwide activities of Westpac Banking Corporation excluding its controlled entities; and
- Westpac Banking Corporation Group (otherwise referred to as the **'Overseas Banking Group'**) – refers to the total worldwide business of Westpac Banking Corporation including its controlled entities.

Words and phrases not defined in this Disclosure Statement, but defined by the Order, have the meaning given by the Order when used in this Disclosure Statement. All amounts referred to in this Disclosure Statement are in New Zealand dollars unless otherwise stated.

Changes to the Directorate

The following changes in the composition of the Overseas Bank's Board of Directors (the **'Board'**) have been effected since 30 September 2014:

- Ann Pickard retired from the Board on 12 December 2014;
- Gail Kelly retired as Managing Director on 1 February 2015; and
- Brian Hartzler was appointed as Managing Director on 2 February 2015.

Chief Executive Officer, NZ Branch

Karen Lee Ann Silk, B.Com

Responsible person

All the Directors named above have authorised in writing David Alexander McLean, Chief Executive, Westpac New Zealand to sign this Disclosure Statement on the Directors' behalf in accordance with section 82 of the Reserve Bank Act.

Credit ratings

The Overseas Bank has the following credit ratings with respect to its long-term senior unsecured obligations, including obligations payable in New Zealand in New Zealand dollars, as at the date this Disclosure Statement was signed:

Rating Agency	Current Credit Rating	Rating Outlook
Fitch Ratings	AA-	Stable
Moody's Investors Service	Aa2	Stable
Standard & Poor's	AA-	Stable

A credit rating is not a recommendation to buy, sell or hold securities of the Overseas Bank. Such ratings are subject to revision, qualification, suspension or withdrawal at any time by the assigning rating agency. Investors in the Overseas Bank's securities are cautioned to evaluate each rating independently of any other rating.

Disclosure statements of the Overseas Bank and the financial statements of the Overseas Bank and the Overseas Banking Group

Disclosure Statements of the Overseas Bank for the last five years are available, free of charge, at the internet address www.westpac.co.nz. A printed copy will also be made available, free of charge, upon request and will be dispatched by the end of the second working day after the day on which the request is made.

The most recently published financial statements of the Overseas Bank and the Overseas Banking Group are for the year ended 30 September 2014 and can be accessed at the internet address www.westpac.com.au.

Guarantee arrangements

No material obligations of the Overseas Bank that relate to the NZ Branch are guaranteed as at the date this Disclosure Statement was signed.

Pending proceedings or arbitration

There are no pending legal proceedings or arbitration at the date of this Disclosure Statement involving any member of the NZ Banking Group, whether in New Zealand or elsewhere, that may have a material adverse effect on the Overseas Bank or the NZ Banking Group.

In March 2013, litigation funder, Litigation Lending Services (NZ) Limited, announced potential representative actions against five New Zealand banks in relation to certain fees. Westpac New Zealand is the defendant in the proceedings filed on 20 August 2014 by the plaintiff group. Proceedings have also been filed against three other banks. At this stage the impact of the proceedings against Westpac New Zealand cannot be determined with any certainty.

On 12 December 2013, the Commerce Commission notified the Overseas Bank and Westpac New Zealand that it intended filing proceedings against them under the Fair Trading Act 1986 in relation to the marketing and sale of interest rate swaps to rural customers. The Overseas Bank and Westpac New Zealand entered into a settlement agreement with the Commerce Commission on 30 January 2015.

The Overseas Banking Group has worldwide contingent liabilities in respect of actual and potential claims and proceedings, which have not been determined. An assessment of the Overseas Banking Group's likely loss is made on a case-by-case basis and provisions are made where appropriate. Such contingencies are disclosed in the Overseas Banking Group's 30 September 2014 Annual Financial Report.

Conditions of registration

The conditions of registration were amended on 31 October 2014 with effect from 1 November 2014 to update the reference to BS19 to the latest version dated October 2014. BS19 was revised to update a reference to the Capital Adequacy Framework (Internal Models Based Approach) BS2B.

Directors' and the Chief Executive Officer, NZ Branch's statement

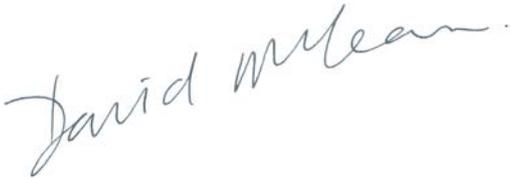

Each Director of the Overseas Bank believes and the Chief Executive Officer, NZ Branch, believes, after due enquiry, that, as at the date on which this Disclosure Statement is signed, the Disclosure Statement:

- (a) contains all information that is required by the Order; and
- (b) is not false or misleading.

Each Director of the Overseas Bank believes and the Chief Executive Officer, NZ Branch, believes, after due enquiry, that, over the three months ended 31 December 2014:

- (a) the Overseas Bank has complied with the conditions of registration imposed on it pursuant to section 74 of the Reserve Bank Act; and
- (b) the NZ Branch and other members of the NZ Banking Group had systems in place to monitor and control adequately the material risks of relevant members of the NZ Banking Group, including credit risk, concentration of credit risk, interest rate risk, currency risk, equity risk, liquidity risk and other business risks and that those systems were being properly applied. For this purpose, a relevant member of the NZ Banking Group means a member of the NZ Banking Group that is not a member of Westpac New Zealand's banking group.

This Disclosure Statement has been signed on behalf of the Directors by David Alexander McLean, Chief Executive, Westpac New Zealand, and by Karen Lee Ann Silk, as Chief Executive Officer, NZ Branch.

David Alexander McLean

¹ The presentation of the statement of cash flows has been revised to improve the classification of movements in cash and cash equivalents. Certain cash flows have been reclassified between operating, investing and financing activities. Certain balances due from/to other financial institutions have been reclassified out of cash and cash equivalents. Comparative figures have been revised in order to ensure consistency.

The accompanying notes (numbered 1 to 18) form part of, and should be read in conjunction with, these financial statements.

Note 1 Statement of accounting policies

Statutory base

In these financial statements reference is made to the following reporting entities:

- Westpac Banking Corporation New Zealand Branch (otherwise referred to as the '**NZ Branch**') – refers to the New Zealand Branch of Westpac Banking Corporation (trading as Westpac);
- Westpac New Zealand Limited (otherwise referred to as '**Westpac New Zealand**') – refers to a locally incorporated subsidiary of the Overseas Bank (carrying on the Overseas Bank's New Zealand consumer, business and institutional banking operations);
- Westpac Banking Corporation - New Zealand Banking Group (otherwise referred to as the '**NZ Banking Group**') – refers to the New Zealand operations of Westpac Banking Corporation Group including those entities whose business is required to be reported in the financial statements of the Overseas Banking Group's New Zealand business;
- Westpac Banking Corporation (otherwise referred to as the '**Overseas Bank**') – refers to the worldwide activities of Westpac Banking Corporation excluding its controlled entities; and
- Westpac Banking Corporation Group (otherwise referred to as the '**Overseas Banking Group**') – refers to the total worldwide business of Westpac Banking Corporation including its controlled entities.

These consolidated financial statements have been prepared and presented in accordance with the Reserve Bank of New Zealand Act 1989 ('**Reserve Bank Act**') and the Registered Bank Disclosure Statements (Overseas Incorporated Registered Banks) Order 2014 ('**Order**').

These financial statements have also been prepared in accordance with Generally Accepted Accounting Practice in New Zealand, as appropriate for profit-oriented entities, and the New Zealand Equivalent to International Accounting Standard ('**NZ IAS**') 34 *Interim Financial Reporting* ('**NZ IAS 34**') and should be read in conjunction with the Disclosure Statement for the year ended 30 September 2014. These financial statements comply with International Accounting Standard 34 *Interim Financial Reporting* as issued by the International Accounting Standards Board.

As outlined in the Disclosure Statement for the year ended 30 September 2014, Amendments to NZ IAS 32 *Financial Instruments: Presentation* ('**NZ IAS 32**') - *Offsetting Financial Assets and Financial Liabilities* was issued in February 2012 and is effective for the 30 September 2015 financial year. The amendment provides application guidance to addressing inconsistencies applied to offsetting criteria provided in NZ IAS 32, including clarifying that the meaning of current legal enforceable rights of set-off is legally enforceable in all circumstances and that some gross settlement systems (such as through a clearing house) may be considered as the equivalent to net settlement. The amendment does not have a material impact on the financial statements of the NZ Banking Group.

These financial statements were authorised for issue by the Overseas Bank's Board of Directors ('**Board**') on 23 February 2015. The Board has the power to amend the financial statements after they are authorised for issue.

Basis of preparation

The financial statements are based on the general principles of historical cost accounting, as modified by applying fair value accounting to available-for-sale financial assets, financial assets and financial liabilities at fair value through profit or loss and all financial derivative contracts. The going concern concept and the accrual basis of accounting have been adopted. All amounts are expressed in New Zealand dollars unless otherwise stated.

The same accounting policies and methods of computation have been followed in preparing these financial statements as were used in preparing the financial statements for the year ended 30 September 2014, except as amended for the changes required due to the adoption of the amended accounting standards as explained in the 'Statutory base' section.

Certain comparative information has been restated to ensure consistent treatment with the current reporting period. Where there has been a material restatement of comparative information the nature of, and the reason for, the restatement is disclosed in the relevant note.

As at 31 December 2014, the NZ Banking Group had no New Zealand Government guaranteed debt on issue (31 December 2013: \$1,889 million, 30 September 2014: nil).

Note 10 Related entities

Controlled entities of the NZ Banking Group as at 30 September 2014 are set out in Note 25 to the financial statements included in the Overseas Bank's Disclosure Statement for the year ended 30 September 2014.

The total liabilities of the NZ Branch, net of amounts due to related entities as at 31 December 2014, amounted to \$5,180 million (31 December 2013: \$4,272 million, 30 September 2014: \$5,899 million).

Note 11 Fair value of financial instruments

Fair valuation control framework

The NZ Banking Group's control environment uses a well-established Fair Valuation Control Framework to ensure that fair value is either determined or validated by a function independent of the party that undertakes the transaction. The method of determining a fair value according to the Fair Valuation Control Framework differs depending on the information available.

Quoted price in an active market

The best evidence of fair value is a quoted price in an active market.

Valuation techniques

Where no direct quoted price in an active market is available, the NZ Banking Group applies present value estimates or other market accepted valuation techniques. The use of a market accepted valuation technique will typically involve the use of a valuation model and appropriate inputs to the model.

The majority of models used by the NZ Banking Group employ only observable market data as inputs. However, for certain financial instruments data may be employed which is not readily observable in current markets. Typically in these instances valuation inputs will be derived using alternative means (including extrapolation from other relevant market data) and tested against historical transactions. The use of these inputs will require a high degree of management judgment.

Fair value hierarchy

The NZ Banking Group categorises all fair value measurements according to the following fair value hierarchy:

- **Quoted market price ('Level 1')**
Financial instruments valued using recent unadjusted quoted prices in active markets for identical assets or liabilities. Financial instruments included in the Level 1 category are certain NZ Government securities and spot and exchange traded derivatives (31 December 2013: exchange traded equities and spot and exchange traded derivatives).
- **Valuation techniques using observable inputs ('Level 2')**
Valuation techniques utilising observable market prices applied to these assets or liabilities include the use of market standard discounting methodologies, option pricing models and other valuation techniques widely used and accepted by market participants.
Financial instruments included in the Level 2 category are:
 - deposits at fair value, trading liabilities, debt issues at fair value, certain life insurance assets, securities purchased under agreement to resell with related parties, and trading and available-for-sale debt securities including certificates of deposit, corporate bonds, mortgage-backed securities, inflation-indexed government bonds, local authority and NZ public securities, off-shore securities and securities purchased under agreement to resell; and
 - derivatives including interest rate swaps, interest rate forwards, interest rate options and foreign exchange forwards and foreign exchange swaps, with external and related parties.
- **Valuation techniques with significant non-observable inputs ('Level 3')**
Financial instruments valued using at least one input that could have a significant effect on the instrument's valuation which is not based on observable market data (unobservable input). Unobservable inputs are those not readily available in an active market due to illiquidity or complexity of the product. These inputs are generally derived and extrapolated from other relevant market data and calibrated against current market trends and historic transactions.
These valuations are calculated using a high degree of management judgment.
Financial instruments included in the Level 3 category are NZ unlisted equity securities, RMBS, long-dated NZD caps, long-dated forward rate agreements and inflation indexed derivative instruments (31 December 2013: NZ unlisted equity securities, long-dated NZD caps, long-dated forward rate agreements and inflation indexed derivative instruments).

A financial instrument's categorisation within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement.

Notes to the financial statements

Note 11 Fair value of financial instruments (continued)

There were no material amounts of changes in fair value estimated using a valuation technique incorporating significant non-observable inputs, that were recognised in the income statement of the NZ Banking Group during the three months ended 31 December 2014 (31 December 2013: no material changes in fair value, 30 September 2014: no material changes in fair value).

There have been no significant transfers into/out of Level 1, 2 or 3 during the three months ended 31 December 2014 (31 December 2013: nil). During the year ended 30 September 2014, Westpac Banking Corporation (the '**Overseas Bank**'), being a primary dealer, saw and participated in increased liquidity in the Government bond markets as part of its broader financial markets strategy. Therefore, financial assets (certain NZ Government securities) and financial liabilities (NZ Government securities sold short) relating to the NZ Banking Group as at 30 September 2014 of \$2,396 million and \$695 million respectively were transferred from Level 2 to Level 1 of the fair value hierarchy. There were no significant transfers into/out of Level 3 during the year ended 30 September 2014. Transfers in and transfers out are reported using the end-of-period fair values.

Financial instruments measured at fair value and their estimates of fair value

Financial assets and financial liabilities are measured on an ongoing basis either at fair value or at amortised cost. NZ IFRS 7 *Financial Instruments: Disclosures* requires the disclosure of the fair value of those financial instruments not already carried at fair value in the balance sheet. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value disclosure does not cover those assets and liabilities that are not considered to be financial instruments from an accounting perspective, such as income tax and intangible assets.

The following table summarises the carrying amounts and the estimated fair values of the NZ Banking Group's financial instruments not measured at fair value:

For cash and balances with central banks, due from and due to other financial institutions, non-derivative balances due from and due to related entities which are carried at amortised cost and other types of short-term financial instruments recognised in the balance sheet under 'other assets' and 'other liabilities', the carrying amount is equivalent to fair value. These items are either short-term in nature or reprice frequently, and are of a high credit rating.

In addition to the Trading Securities pledged disclosed in note 4, as at 31 December 2014, \$71 million of available-for-sale securities were pledged as collateral for the NZ Banking Group's liabilities under repurchase agreements (31 December 2013: nil, 30 September 2014: \$90 million).

In March 2013, litigation funder, Litigation Lending Services (NZ) Limited, announced potential representative actions against five New Zealand banks in relation to certain fees. Westpac New Zealand is the defendant in proceedings filed on 20 August 2014 by the plaintiff group. Proceedings have also been filed against three other banks. At this stage the impact of the proceedings against Westpac New Zealand cannot be determined with any certainty.

Additional information relating to any provision or contingent liability has not been provided where disclosure of such information might be expected to prejudice seriously the position of the NZ Banking Group.

Note 13 Segment information

The NZ Banking Group operates predominantly in the consumer, business and institutional banking sectors within New Zealand. On this basis no geographical segment information is provided.

The basis of segment reporting reflects the management of the business, rather than the legal structure of the NZ Banking Group. The operating segment results have been presented on a management reporting basis and consequently internal charges and transfer pricing adjustments have been reflected in the performance of each operating segment. Intersegment pricing is determined on a cost recovery basis.

The NZ Banking Group does not rely on any single major customer for its revenue base.

The NZ Banking Group's operating segments are defined by the customers they serve and the services they provide. The NZ Banking Group has identified the following main operating segments:

- Retail Banking provides financial services predominantly for individuals;
- Business Bank and Wealth provides financial services for small to medium sized enterprise customers and high net worth individuals, and provides funds management and insurance distribution services to a range of customers; and
- Corporate and Institutional provides a broad range of financial services to corporate, agricultural, institutional and government customers, and the supply of derivatives and risk management products to the entire Westpac customer base in New Zealand.

Reconciling items primarily represent:

- business units that do not meet the definition of operating segments under NZ IFRS 8 *Operating Segments*;
- elimination entries on consolidation/aggregation of the results, assets and liabilities of the NZ Banking Group's controlled entities in the preparation of the aggregated financial statements of the NZ Banking Group; and
- results of certain business units excluded for management reporting purposes, but included within the aggregated financial statements of the NZ Banking Group for statutory financial reporting purposes.

Note 15 Risk management

15.1 Credit risk

The NZ Banking Group's residential mortgages by loan-to-value ratio ('LVR') as at 31 December 2014 (Unaudited)

In order to calculate origination LVR, the current exposure is that used in the internal ratings based approach for mortgage lending. For loans originated from 1 January 2008, the NZ Banking Group utilises its loan origination system. For loans originated prior to 1 January 2008, the origination LVR is not separately recorded, and therefore, is not available for disclosure as required under Clause 1 of Schedule 9 to the Order. For these loans, the NZ Banking Group utilises its dynamic LVR process to calculate an origination LVR. Exposures for which no LVR is available have been included in the 'Exceeds 90%' category in accordance with the requirements of the Order.

The following credit exposures are based on actual credit exposures to individual counterparties and groups of closely related counterparties.

The number of individual bank counterparties (which are not members of a group of closely related counterparties), and groups of closely related counterparties of which a bank is the parent, to which the NZ Banking Group has an aggregate credit exposure or peak end-of-day aggregate credit exposure that equals or exceeds 10% of the Overseas Banking Group's equity:

- as at 31 December 2014 was nil; and
- in respect of peak end-of-day aggregate credit exposure for the three months ended 31 December 2014 was nil.

The number of individual non-bank counterparties (which are not members of a group of closely related counterparties), and groups of closely related counterparties of which a bank is not the parent, to which the NZ Banking Group has an aggregate credit exposure or peak end-of-day aggregate credit exposure that equals or exceeds 10% of the Overseas Banking Group's equity:

- as at 31 December 2014 was nil; and
- in respect of peak end-of-day aggregate credit exposure for the three months ended 31 December 2014 was nil.

The peak end-of-day exposures have been calculated by determining the maximum end-of-day aggregate amount of actual credit exposure over the relevant three-month period and then dividing that amount by the Overseas Banking Group's equity as at 30 September 2014.

Credit exposures to individual counterparties (not being members of a group of closely related counterparties) and to groups of closely related counterparties exclude exposures to the central government of any country with a long-term credit rating of A- or A3 or above, or its equivalent, or to any bank with a long-term credit rating of A- or A3 or above, or its equivalent. These calculations relate only to exposures held in the financial records of the NZ Banking Group (excluding exposures booked outside New Zealand) and were calculated net of individually assessed provisions.

Note 17 Overseas Bank and Overseas Banking Group capital adequacy

The table below represents the capital adequacy calculation for the Overseas Bank and Overseas Banking Group based on the Australian Prudential Regulation Authority's ('APRA') application of the Basel III capital adequacy framework.

%	31-Dec-14 Unaudited	31-Dec-13 Unaudited
Overseas Banking Group ^{1,2}

Total Regulatory Capital ratio	12.0	11.7

¹ The capital ratios represent information mandated by APRA.

² The capital ratios of the Overseas Banking Group and the Overseas Bank (Extended Licensed Entity) are publicly available in the Overseas Banking Group's Pillar 3 report. This information is made available to users via the Overseas Bank's website (www.westpac.com.au).

The Overseas Banking Group is accredited by APRA to apply the Advanced Internal Ratings Based ('Advanced IRB') approach for credit risk, the Advanced Measurement Approach ('AMA') for operational risk and the internal model approach for interest rate risk in the banking book for calculating regulatory capital (known as 'Advanced Accreditation') and is required by APRA to hold minimum capital at least equal to that specified under the Advanced IRB and AMA methodologies. Under New Zealand regulations this methodology is referred to as the Basel III (internal models based) approach. With this accreditation, the Overseas Banking Group is required to disclose additional detailed information on its risk management practices and capital adequacy on a quarterly and a semi-annual basis. This information is made available to users via the Overseas Banking Group's website (www.westpac.com.au). The aim is to allow the market to better assess the Overseas Banking Group's risk and reward assessment process and hence increase the scrutiny of this process.

The Overseas Banking Group, and the Overseas Bank (Extended Licensed Entity as defined by APRA), exceeded the minimum capital adequacy requirements as specified by APRA as at 31 December 2014. APRA specifies a minimum prudential capital ratio for the Overseas Banking Group, which is not made publicly available.
