Things you should know

Important: If you are applying for a selected credit card at the same time or after your Premier Advantage Package is set up, or if you are switching or upgrading from an existing Westpac credit card, or if you are accessing employee benefits, you are not eligible for any special promotional offers (such as any promotional balance transfer rate) available at point of application. Please check the details at card application. Fees and charges are payable. Credit card applications are subject to Westpac's normal lending criteria. An additional credit card can be issued on the primary cardholder's credit card account to any nominated person 16 years or over. All transactions using the additional credit card will be the responsibility of the primary cardholder. Information about a third party's products or services is provided for convenience only and does not represent an endorsement by Westpac of the products and services.

Credit Savvy: Westpac's lending policies and guidelines are designed to ensure we lend responsibly. Make sure the credit limit you apply for is realistic and you have checked the interest rates, fees and charges on your selected credit card before you apply. Always aim to pay off more than your minimum monthly repayment amount as making minimum payments is not effective way to manage credit card debt. There can be reasons, such as job loss or illness, which can mean that even the most responsible borrower might get into temporary financial difficulty. If you find yourself in this position, just call us on 1300 651 089.
