- References to information available on our website or any other website is solely for the convenience of the reader and none of the
 information contained in or otherwise accessible through our website or any other website is incorporated by reference in this report.

1. INTRODUCTION

Pillar 3 Report June 2009

Westpac has been accredited by the Australian Prudential Regulation Authority (APRA) and Reserve Bank of New Zealand (RBNZ) to apply the most advanced models permitted by the global capital adequacy regime commonly known as Basel II to the measurement of its regulatory capital requirements. Westpac uses the Advanced Internal Ratings Based approach (Advanced IRB) for credit risk and the Advanced Measurement Approach (AMA) for operational risk.

In accordance with the Australian Prudential Standard APS 330 Capital Adequacy: Public Disclosure of Prudential Information (APS 330), financial institutions that have received this accreditation, such as Westpac, are required to disclose prudential information about their risk management practices on a semi-annual basis. A subset of this information must be disclosed quarterly.

This report is Westpac's disclosure for the three months ended 30 June 2009 under these prudential disclosure requirements. Westpac's prior disclosures are available at www.westpac.com.au/investorcentre.

St.George Bank

St.George Bank has been accredited by APRA to apply the Standardised approach² to the measurement of its regulatory capital requirements for credit and operational risk. Accordingly, for the purposes of this report, St.George credit exposures are classified according to whether they arise from the lending (Standardised – St.George) or securitisation (Securitisation – St.George) businesses of St.George. St.George's market risk and equity risk regulatory capital are measured on the same basis as the rest of The Westpac Group and there is no requirement to hold regulatory capital for St.George's Interest Rate Risk in the Banking Book.

The Structure of Westpac's Pillar 3 Report as at 30 June 2009

The next three chapters of this report present the prudential assessment of Westpac's risk exposures.

The tables in each chapter retain the numbering used in APS 330 Attachment B in order to facilitate comparisons between different banks' disclosures.

Chapter 2 defines the scope of application of this report.

Chapter 3 presents regulatory capital ratios for Westpac and its significant subsidiary banks.

Chapter 4 presents the prudential disclosures.

- section 4.1 presents a summary of the disclosures for 30 June 2009.
- section 4.2 presents the prudential capital requirements for Westpac. This section includes APS 330 table 16.
- section 4.3 tabulates Westpac's credit risk exposures. This section includes APS 330 table 17.

To view Westpac's prior Pillar 3 Reports, please visit www.westpac.com.au/investorcentre then select 'Presentations', then 'Latest'.

² The Standardised approach applies regulator-determined risk-weights to asset classes (credit risk) and business income (operational risk).

2. SCOPE OF APPLICATION

Pillar 3 Report June 2009

Table 1 Scope of application

Applicable entity for prudential information disclosure purposes

Westpac seeks to ensure that it is adequately capitalised at all times on both a stand-alone and Group basis. APRA adopts a tiered approach to measuring Westpac's capital adequacy by assessing the financial strength at three levels (defined below). The Westpac Group is prescribed by APRA as a Level 3 entity.

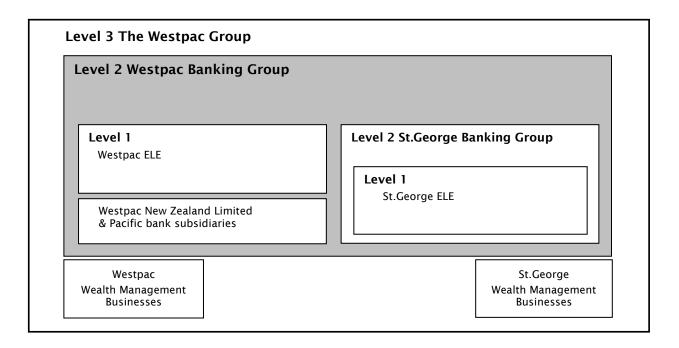

Level 1: An Extended Licensed Entity (ELE) comprises each authorised deposit-taking institution within the Group and any subsidiaries of those institutions that have been approved by APRA as being part of a single 'stand-alone' entity.

At 30 June 2009 there were two Level 1 ELEs in The Westpac Group: Westpac's Australian banking business; and St.George Bank.

Level 2: The consolidated banking group, comprising all ELEs and all subsidiaries unless specifically excluded by regulations. Wealth management subsidiaries are outside the Level 2 Westpac Banking Group.

There are two Level 2 entities in The Westpac Group. The St.George Banking Group is a Level 2 entity in its own right, which also forms part of the Level 2 Westpac Banking Group.

Level 3: The conglomerate group at the widest level.

All tables in this report refer to the Level 2 Westpac Banking Group¹.

¹ A glossary of technical terms used in this section can be found in Westpac's Pillar 3 report for the period ended 31 March 2009, which is available at www.westpac.com.au/investorcentre then select 'Presentations', then 'Latest'.

3. SNAPSHOT OF REGULATORY CAPITAL RATIOS

Pillar 3 Report June 2009

This section presents the regulatory capital ratios for the Level 2 Westpac Banking Group and its significant subsidiary banks.

Table 16 (e) Capital ratios

| | | Tier 1 capital ratio | Total regulatory capital ratio | | Total regulatory capital ratio |
|--------------------------------------|---------|-------------------------|-----------------------------------|--------|--------------------------------|
| | | 30 Jun | 30 Jun | 31 Mar | 31 Mar |
| | | 2009 | 2009 | 2009 | 2009 |
| | | % | % | % | % |
| Westpac Banking Group | Level 2 | 8.2% | 11.0% | 8.4% | 11.4% |
| Westpac ELE | Level 1 | 10.1% | 12.7% | 10.5% | 13.4% |
| Westpac New Zealand Limited | | 9.4% | 12.4% | 9.3% | 12.1% |
| St.George Banking Group ¹ | Level 2 | 7.6% | 10.9% | 7.5% | 11.2% |
| St.George ELE | Level 1 | 8.0% | 11.4% | 8.0% | 11.8% |

-

 $^{^{1}\,}$ St.George's capital adequacy is measured using the Standardised approach.

PRUDENTIAL DISCLOSURES

SUMMARY CREDIT RISK DISCLOSURES 4.1

This section presents a summary of Westpac's prudential credit risk disclosures

| | Exposure | Risk Weighted | Regulatory expected | Regulatory expected loss for non-defaulted | Actual losses for the 9 mth period | Impaired | Specific |

Disclosure regarding forward-looking statements

Pillar 3 Report June 2009

This report contains statements that constitute "forward-looking statements" or statements about "future matters" within the meaning of section 728(2) of the Corporations Act 2001 and/or "forward-looking statements" within the meaning of Section 21E of the US Securities Exchange Act of 1934.

Forward-looking statements include statements regarding our intent, belief or current expectations with respect to Westpac's business and operations, market conditions, results of operations and financial condition, capital adequacy, specific provisions and risk management practices. We use words such as 'may', 'expect', 'intend', 'seek', 'would', 'should', 'could', 'continue', 'plan', 'estimate', 'anticipate', 'believe', 'probability', 'will', 'risk' or other similar words to identify forward-looking statements. These forward-looking statements have been made based upon management's expectations and beliefs concerning future developments and their potential effect upon us and are subject to risks and uncertainty which are, in many instances, beyond our control. There can be no assurance that future developments will be in accordance with management's expectations or that the effect of future developments on us will be those anticipated by management. Actual results could differ materially from those Westpac expects, depending on the outcome of various factors, including, but not limited to those described in the section entitled "Principal risks and uncertainties" in Westpac's Interim Financial Report for the six months ended 31 March 2009 and in the sections entitled "Competition" and "Risk management" in Westpac's 2008 Annual Report available at www.westpac.com.au/investorcentre. Westpac is under no obligation, and does not intend, to update any forward-looking statements contained in this report, whether as a result of new information, future events or otherwise, after the date of this report.

Currency of presentation and certain definitions

In this report, unless otherwise stated or the context otherwise requires, references to 'dollar amounts', '\$', 'AUD' or 'A\$' are to Australian dollars.

Any discrepancies between totals and sums of components in tables contained in this report are due to rounding.
