

## Authorising payments.

Follow this guide to authorise payments in **Corporate Mobile**.

To perform this procedure you require **Authoriser** access in Online payments, along with the **Debit account** and the **Currency** of the payment(s) to be authorised.

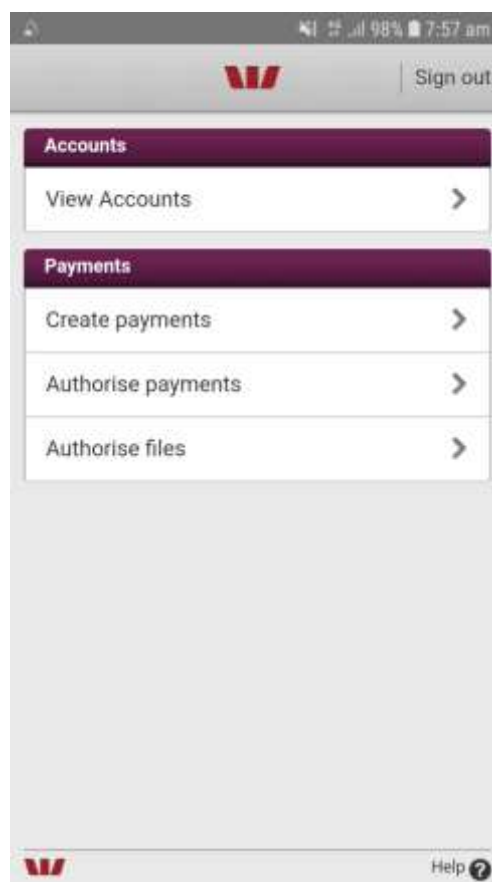

### Getting started

**Step 1:** Enter your 8 digit **Customer ID** and case sensitive **Password**, and then select **Sign In**.

Notes:

- i. If you have forgotten your password and have a Corporate Online token you can reset your sign in password from the Corporate Online website. If you don't have a Corporate Online token please contact your administrator or the Corporate Help Desk to arrange for your password to be reset.
- ii. Allowed access times are set by your Corporate Online administrator(s).

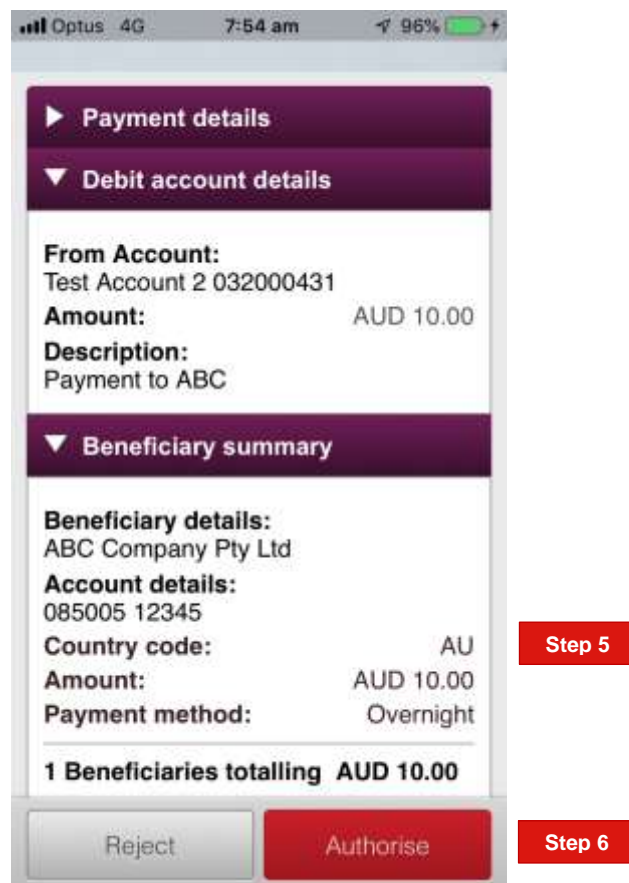

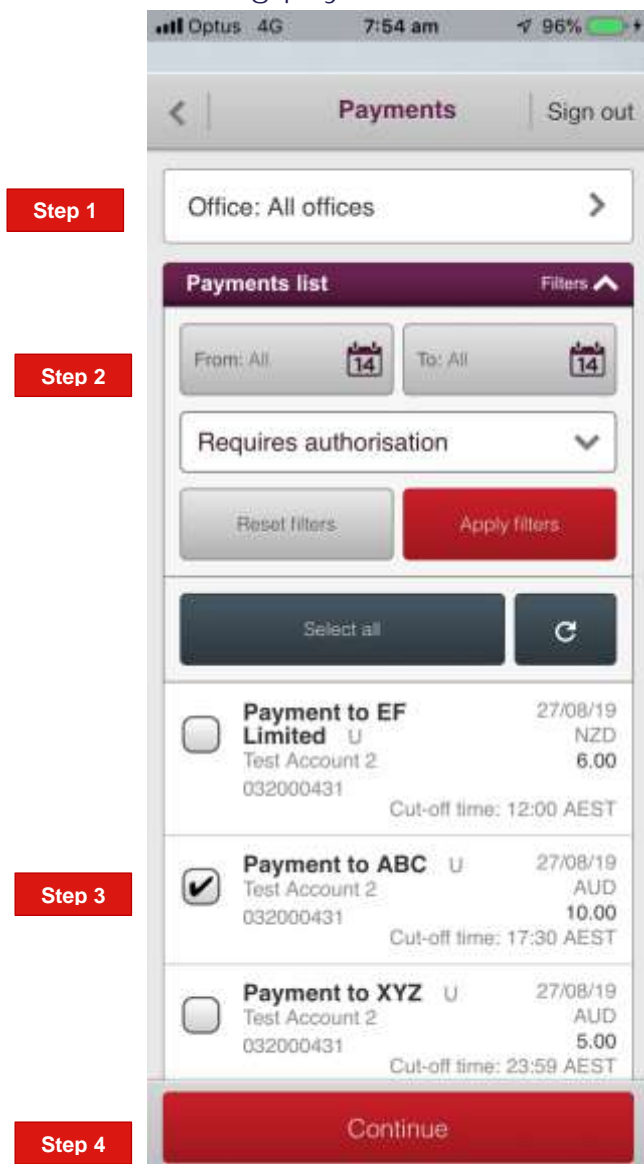

The options displayed are based on your access.

**Step 2:** Select **Authorise payments**

You will be required to Enter your **Token password** and the 6 digit **token number** displayed on the front of your SecurID token.

## Authorising payments

**Step 1:** Select an **Office**

**Step 2:** Use the **Filters** to change the **From** and **To** (value) dates and **status** and then select **Apply filters** to refresh the list.

**Step 3:** Select the payments to be authorised (or rejected) either one by one or use the **Select all** option.

**Step 4:** Select **Continue** to view the details of each selected payment before authorising.

**Step 5:** Review details of the payment.

**Step 6:** Select to **Authorise** or **Reject** the payment.

Corporate Mobile displays any further actions required based on payment type then provides confirmation of your action.

### Notes:

The Office, Date range and Status displayed by default can be changed via Set Preferences in Corporate Online Payments.

### Notes:

Depending on the authorisation model used by your organisation for payments and your personal Authority level within Online Payments may be required to validate your token again.
