(For fixed rate loans with interest paid in advance only.)

Compound the interest to your fixed rate loan for the term of the loan at initial drawdown. Choose an option below. If no option is selected then the default is option 1.

- 1. Add the compounded interest to the fixed loan amount (by choosing this option, at the initial drawdown of your fixed loan, the balance will be increased by the compounded interest amount); or
- 2. Include the compounded interest in the total fixed loan amount.

Please note:

- If no payment option is selected or a fund transfer from your preferred method fails for any reason, interest will be taken from available margin loan funds and added to your variable loan.
- 2. It is your responsibility to ensure you have sufficient available margin loan funds on the start date of your fixed loan. If not, the resulting fixed interest charge may result in your account going into buffer, margin call or a credit limit breach.
- 3. Interest paid in advance (prepaid) is not refundable.
- 4. There may be costs associated with breaking a fixed rate contract prior to its end date. We recommend that you read both Section 4A of the Westpac Margin Lending Facility Agreement and the 'Break costs fact sheet' available at westpac.com.au/marginloan for an explanation of these.

Your obligations and things to consider.

- Not all accounts held with a financial institution are available to be drawn on under the direct debit system.
